Кофемашина Plus 4 You Advantage 3GR мультибойлер

Plus4You Advantage is the link between past and present Astoria. A new interpretation of the legendary model that combines ergonomics and style in a practical and elegant design.

Specifications

- 3 GR MULTIBOILER

Depth

565 mm

Width

1075 mm

Height

575 mm

Weight

104 kg

Voltage

220 - 240V / 380 - 415V

general power

5700W - 7200W

Coffee machine system

Coffee beans

Horn and filter

Comfortable and ergonomic

Machine life

5 years

Productivity / day

Up to 10 kg

Coffee output per day per group

Max. 800 cups of coffee per group

Peak output of coffee per group

200 coffees per group

Boiler (regulated independently)

3 for coffee 1 for steam

Boiler capacity

3 x 1.2 liters for coffee - 13 liters for steam

steam mechanism

Peak > 3 l per hour (continuous) - Maximum daily flow > 30 l

Water outlet

Peak > 3 X 200 cm³ with 2 second pause between each exit (1 minute delay allowed after 3 exits) minimum temperature: 90°C

External materials

Steel + Plastic (ABS)

Finishing

Dye

Timeless style

Designed in collaboration with Adriano Design, Plus4You Advantage has rounded and elegant shapes. The perfect combination of materials combines functionality

and aesthetics in a machine characterized by the brilliance and strength of steel, giving it a timeless character.

The Plus4You Advantage color combination gives the product a modern and technological look that fits perfectly with any style of establishment.

Everything is at hand

Ergonomics is a key element of Plus4You Advantage. The updated keypad, conveniently located in relation to the steam controls, and the central touch screen guarantee instant and intuitive access to all functions and parameters of the machine. For the convenience of the barista, an illuminated work surface is provided, which facilitates hand movements and allows you to maintain the perfect cleanliness of the machine. A practical lift-up system allows the height of the groups to be changed depending on the size of the pitcher or cup.

Technology at the service of baristas and quality

Plus4You Advantage is available in two versions - single boiler and multi boiler. Both options feature brand new hydraulic and electrical systems to deliver top performance and superior cup results during your busiest working hours. The multi-boiler option allows separate group management, setting different temperatures and brewing times to set up your own profiles depending on the selected type of drink. In addition, thanks to the energy saving function, the machine can intelligently manage workflows with automatic group shutdown, night standby and automatic temperature control.

Even smarter and always connected

The machine can be connected to a dosing grinder to adjust the coffee flow and grind for the perfect coffee. In addition, precise dosages can be selected depending on the drink recipe, for single or double coffee, in order to avoid mistakes or excessive consumption of beans.

Plus4You Advantage can be connected via Wi-Fi to the Beans2Cloud platform to access all telemetry services and benefits: remote machine monitoring and control of brew parameters.

Professional milk frother

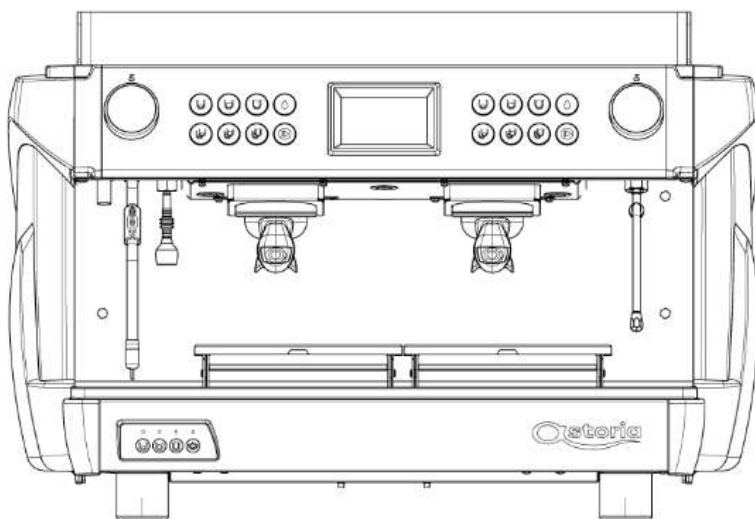

The new AutoStreamer Cappuccinatore automatically heats and froths the milk, allowing you to adjust the temperature and froth level using an internal sensor.

Available colors

Options

- MULTIBOILER

Multiboiler

Standard equipment

Two manual cappuccinators
hot water pipe
Easy Clean tube
AEA
Multifunctional color touch screen
Retractable coasters
Astoria filter housings 48.5 mm deep
Internal USB port
Serial port RS232
Automatic cleaning cycle
Maintenance function
Work surface illumination
Integrated pump
Multiboiler system
Multiboiler

Additional equipment

Electronic cup warmer with temperature control
Automatic cappuccinatore Autosteamer
Wi-Fi module to connect to Beans2Cloud
Connecting cable for grinder dispenser
